EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Roland Long, Jr. on 4/05/2007.

The application has been amended as follows:

Claim 1

on line 32 of the claim, the phrase:

"which complementary chamber (24) contains an air volume (31) and
which complementary chamber (24)"

has been replaced with

--which complementary chamber (24) contains an air volume (31), and
wherein said one secondary chamber (16)--.

Claim 24

On line 3 of the claim, the phrase"

"the secondary chamber"

has been changed to

--the other secondary chamber--.

Claim 28

On line 43 of the claim, the phrase:

“the complementary chamber connecting to the first secondary chamber
(15)”

has been changed to

--the two secondary chambers (15, 16) being connected--.

The amendment clarifies which chambers are connected. The 112 2nd rejection of claim 27 and 31 has been withdrawn as the claims clearly recite that complementary chamber and the air volume each has a longest longitudinal dimension. It is not required that the claims relate the two dimensions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bradley T. King whose telephone number is (571) 272-7117. The examiner can normally be reached on 11:00-7:30 M-F.
